Message from School Administration

Wow where has September gone!! It feels like we just had our first day of school and here we are already into the second month! It has been very busy at LCS so far this year with a lot of exciting things happening. Just to name a few Creative Club is starting this month, Sr. Girls volleyball is in full swing, students have been going on a variety of off campus learning trips, and we held Student Representative Council elections for the first time in many years and are excited to have a new SRC to lead our school and provide student voice.

It has been very exciting to see and get into some of the new spaces as our renovation project continues! We can't wait for it to be done so we can enjoy all of the beautiful learning spaces. I think so far two of the most exciting for students have been the student commons and the fabulously redone gym (although it's not quite done). As a staff we have definitely noticed a lot more school pride in students having this new to us facility. In September and the beginning of October, staff have been fine tuning our school goals for the 2023-2024 school year. We will share more in the next newsletter about these goals and the plan for success for all students. The four areas of focus are Literacy, Numeracy, Mental Health, and School Culture.

Thank you for a memorable start to this school year so far! We can't wait to see what the coming months will bring!

Principal, Lindsey Burym
Vice Principal, Tracy Henderson

Thank-you!

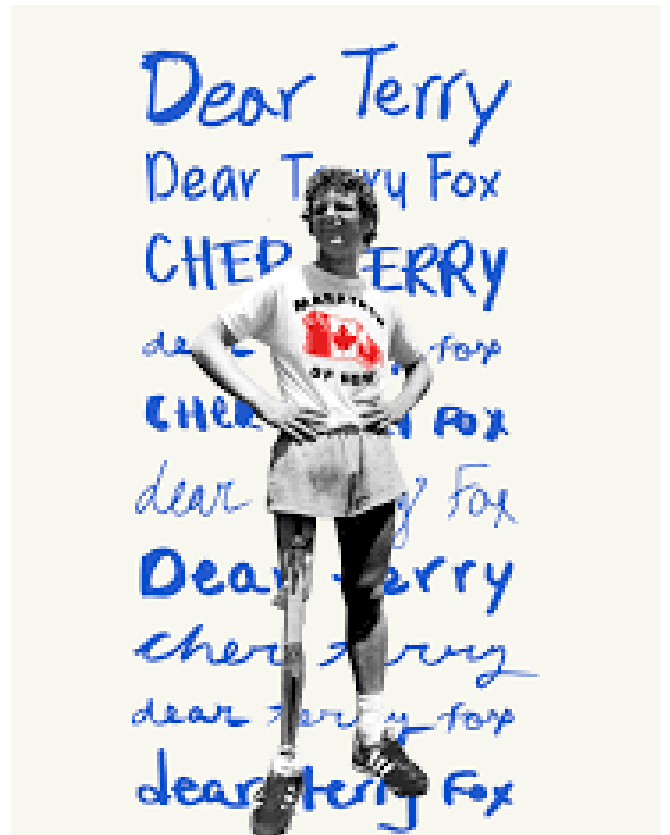

New to LCS!

We have started a Student Representative Council (SRC) this year and we are very excited with the activities to come! Our first assembly was on Friday, Sept.22 where the students gathered by color, chose their team symbols and competed for points. Scores were awarded as the answers to staff trivia were rushed to the student representatives.

Coming out ahead of the pack with 85 points was the Phoenix group, followed by Gators with 60, Panthers with 50, and the Falcons with 30.

Upcoming SRC Representative meetings are scheduled for October 3rd & 17th from 3:15-4:30pm
